Important Questions	Answers	Why This Matters:
What is the overall deductible?	IN NETWORK $5,000/Individual or $10,000/Family OUT OF NETWORK $5,000/Individual or $10,000/Family	Generally, you must pay all of the costs from providers up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual deductible until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductibles?	Yes. **Preventive Care** and primary care services are covered before you meet your **deductible**.	This **plan** covers some items and services even if you haven't met the **deductible** amount. But a **copayment** or **coinsurance** may apply. For example, this plan covers certain **preventive services** without **cost sharing** and before you meet your deductible. See a list of covered preventive services at **https://www.healthcare.gov/coverage/preventive-care-benefits**
Are there services deductibles for specific services?	No.	You must pay all of the costs for these services up to the specific **deductible** amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	For **network providers** $7,900 individual / $15,800 family.	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket** limit has been met.
What is not included in the out-of-pocket limit?	**Copayments** for certain services, **premiums**, **balance-billing charges**, and health care this **plan** doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Will you pay less if you use a network provider?	Yes. Visit www.carevalet.com or call 1-833-BENEBAY for a list of **network providers.**	This **plan** uses a provider **network**. You will pay less if you use a **provider** in the plan's **network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a provider for the difference between the provider's charge and what your **plan** pays (**balance billing**). Be aware, your **network provider** might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to see a specialist?	No.	This **plan** does not require you to seek a referral from your **primary care physician** prior to seeing a **specialist**.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
